DEMOLISHING FAMILY HOMES. BUILDING ON GREEN SPACES.

Labour doesn't care about Shirley...

Since 2014, Croydon's Labour Council has approved HUNDREDS of inappropriate planning applications in Shirley.

There have been THOUSANDS of local objections.

Despite this, our Labour MP has remained SILENT.

Your Labour MP supports this...

"[We have to] be brave, be bold, and be prepared to build in places people might not want us to."

It doesn't have to be this way. Turnover to see how you can save Shirley...

ON DECEMBER 12TH, VOTE FOR MARIO TO FIGHT FOR SHIRLEY

1 Opposing insensitive developments

If elected as your MP, I'll work with you, local Residents' Associations and community groups to oppose planning applications which are wrong for Shirley.

2 Protecting our precious green spaces

As your MP, I'll always work with the community to oppose Labour's attempts to build on our precious green spaces. I'll use every resource at my disposal to campaign for our local environment.

3 Regular local litter picks

Together, over the past year, we have helped clean up our local area with regular local litter picks. As your MP, I'd continue to organise them to keep Shirley clean and tidy.

Only Mario Creatura can beat Corbyn's Labour Candidate in Croydon Central.

If you want to protect Shirley, vote Conservative on 12th December.
